May 3, 2011,

We would like to thank everyone who attended our opening charity event. It was a great success!! We raised almost \$5000 on site with more that followed, which was matched by the owners of Bogeys to Birdies and by a private company. So in total, our donation to the WORLD PARTNERSHIP WALK will be just over \$25,000. This of course would not have been possible without your donations and the people who volunteered their time on this great day. For that we thank you.

[Click here](#) to see a complete donors list and to donate. The owners of Bogeys to Birdies will continue to match donations and so will the Nisku Inn & Conference Center (Edmonton), so immediately every dollar becomes three dollars.

We would also like to thank all the local businesses who donated prizes to our draw. It made for an exciting day. Please support these businesses for their efforts, as we hope for their support again in 2012.

Thanks again for your support!
